

BOARD OF HEALTH
PLANS NEW SYSTEM

Beginning This Week Morbidity Reporting Plan Will Be Initiated in Missouri.

Jefferson City, Mo., Dec. 4.—Beginning next week the Missouri state board of health will initiate a morbidity reporting system, similar to the systems in other states. The report will be made weekly by deputy state commissioner of health in each county to Dr. George H. Jones, state commissioner of health.

The state board of health organized a modern health department under the new public health statute in Missouri. The general organization is similar to that in other states with such modifications as are necessary to meet present local conditions and awaiting adequate appropriations for health purposes, both state and local, according to Dr. Jones.

"No health department, state or local, can effectively prevent or control diseases without knowledge of when, where and under what conditions cases are occurring," he said.

Regulations as provided for by the statute are promulgated, establishing the reportable diseases and the method of reporting. In these cases the attending physician is responsible for reports. Failure to do so is made a misdemeanor by law. The law requires each county court to appoint a health officer, who becomes a deputy state commissioner of health for that county. He has jurisdiction over the entire county and it is his duty to enforce therein the state regulations which are general, meeting the minimum requirements for public health control and which supersede all local ordinances, rules and regulations.

KREHMEIER—HUFFMAN

Miss Mary Krehmeier's marriage to Mr. James Edgar Huffman was solemnized by the Rev. C. Bearthal at two o'clock Sunday afternoon at the Evangelical Lutheran church at Freistatt. The bride wore a gown of white satin, combined with silver lace and rose bud trimming. Orange blossoms held in place the beautiful veil which fell the full length of the dress. Her bouquet of brides roses was tied with tulle, with streamers of white satin ribbon.

The bridesmaids, Miss Esther Krehmeier, sister of the bride, was daintily gowned in pale lavender and carried a hower bouquet of pink tea roses tied with ribbon streamers of lavender. Miss Gussye Huffman, sister to the groom, wore a gown of cream silk net over orange satin, and carried a shower bouquet of pink tea roses, tied with orange satin ribbon streamers. Mr. Martin Bohunkamp, and Mr. Homer Brune, acted as groomsmen.

At the reception at the home of the bride's parents, Mr. and Mrs. E. Krehmeier, an elaborate wedding dinner was served to sixty guests. Mr. and Mrs. Huffman received many beautiful wedding presents. The bride is the daughter of Mr. and Mrs. Ernest Krehmeier, of Freistatt, and is well known in this city, having been a nurse at West Hospital. Her husband is a son of Mrs. Barbara A. Huffman, No. 507 Central avenue and is an employee of the Polger Meat Market.

They will be at home to their friends at No. 507 Central avenue.

SIMON CLARENCE LONG DEAD.
Simon Clarence Long, age 28 years, 8 months and 27 days, died at his home 513 Cleveland Ave., Monday morning of bladder trouble. The deceased was born in Barry County and was a son of the late Hiram Long. He has lived in Monett the past five years and was a city drayman. He is survived by his wife and three children who are Austin, Glen and Opal, mother, two sisters and two brothers. Funeral services will be held Tuesday and interment made in the Maddy cemetery, near Pandy.

REV. WHITLOCK WILL
REMAIN AT MONETT

Rev. C. F. Whitlock announced at his Sunday morning service at the Baptist church that he had decided not to accept the offer of the position of district missionary of Spring River Baptist Association. Although the position will carry with it a much larger salary than Mr. Whitlock is receiving here, he does not wish to leave Monett, and as his congregation was desirous of retaining him as pastor, they are very glad that he has decided to remain here.

NEW BATTERY MAN AT
ATKISSON & SPAIN'S

Atkisson & Spain have been fortunate in securing the services of P. W. Palluch, of Kansas City, an expert battery man. Mr. Palluch is now at work at the garage.

CHORAL CLUB REHEARSAL

The choral department of the Music Club will have its opening rehearsal of the season Tuesday night at eight o'clock at the Christian church. It is the purpose of the directors to make the choral club a Community Club, and everyone who desires further instruction in music is requested and expected to become a member. One is not required to be a trained singer to be a beneficial member of the club.

The club has been very fortunate in securing the services of Prof. Harold H. Leake as director, and Mrs. M. O. Shipley as pianist both of whom are very proficient and talented musicians.

Mr. Leake studied at the Drury College Conservatory in 1909-12 under F. T. Johnson and W. L. Chalfant at which time he was a member of the College Glee Club, Mendelssohn Choral Club, and the First Congregational Church Choir. From 1912 to 1916 Mr. Leake studied with W. L. Calhoun of Carthage, Mo., during which time he played in programs before the Annual Convention of the Missouri State Music Teachers' Association, receiving favorable comment in the papers of Joplin, Carthage, St. Joseph and St. Louis. With members of his class he participated in concerts in various parts of the country besides giving several individual concerts.

From 1914 to 1920 Mr. Leake has devoted his entire time to very successful individual and concert instruction. The club is most fortunate in securing his services for the 1920-1921 season.

Mrs. Shipley has been organist at the Presbyterian church in our city for several years and is a most efficient pianist and accompanist.

During the first part of the year the club will devote its time to the study of the pleasing light opera, "The Bohemian Girl," which will be given later in the year in connection with the Lyceum Course.

The rehearsals will be held at the Christian church which is centrally located, commodious, and very suitable for choral practice.

Choral clubs have made many cities noted. A large chorus will do much to advance our city. In addition, each member will receive valuable individual instruction. Come help make our choral club famous.

IN YE OLDEN TIME.

Hoop skirts were worn by those who first asked the druggist for, and insisted on having, the genuine Golden Medical Discovery put up by Dr. Pierce over fifty years ago. Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago.

Dr. Pierce's Golden Medical Discovery for the stomach and blood cannot be surpassed by any remedy today.

Dr. Pierce's Favorite Prescription for weak women has never been equalled for the distressing complaints incident to womanhood. What others say:

JORDAN, Mo.—"My health has greatly improved since the use of Dr. Pierce's Golden Medical Discovery and also the 'Favorite Prescription.' When I began their use I only weighed 110. Could not do my housework and could not be about much. Had to sleep propped up on pillows. Now I can lie down and sleep on one pillow, can do my housework, washing and ironing, and feel just like a different person. I weigh 140 pounds."—MRS. MAYME TEAGUE.

SOUTHWEST LEAGUE
ACCEPT NEW MEMBERS

Monett Is Formally Awarded Football Championship at Meeting of Many Schools.

A meeting of the Southwest Inter-High School Athletic League was held Saturday for the purpose of awarding the football championship and transacting other business pertaining to high school sports.

Monett was formally awarded the football championship, having gone through a very successful season without a defeat.

El Dorado Springs, Seneca, Ozark and Peirce City were admitted to the league and will enter teams in the coming basketball tournament.

Two by-laws, relative to basketball were adopted at the next meeting.

In order to be eligible for the league championship, a team schedule at least six games with four different members was also appointed to be played in foreign courts.

A committee was appointed to investigate and report on a suitable trophy for the basketball champions. This same committee will also consider the advisability of awarding Monett a trophy for her football victory.

Monett, Carthage, Mount Vernon, Aurora, Springfield, Nevada, Republic, Seneca, Ozark, Nevada, El Dorado Springs were the schools represented.

Mr. and Mrs. H. B. Westenhaver and daughters, Opal and Loraine, returned home Thursday from an extended visit in the east, visiting at Chicago, Brighton, Iowa, and enroute home they visited at Kansas City.

Mr. and Mrs. Ben Erwin of Purdy, who conducted a hotel there, have leased or rented Hotel Barry and will soon move here and endeavor to get ready for business about January 1. They made a good record at Purdy, as hotel people and will do likewise here. —Cassville Democrat.

FORDSON

HITHERTO the farmer has woven the power of his own muscles with those of the ox, the mule, and the horse, in the development of agriculture. Practical machinery for farming has come to him slowly. Where the value of machinery in labor saving, in profitmaking, in usefulness, in luxuries, has in the past been largely confined to the towns and the cities, it is now open to the farmer who is beyond all question the very bone and sinew of civilization. Civilization grows upon the land, therefore the land is Father and Mother and Sustainer to the human race, and those who till the soil, who plow, sow and reap, are surely the essentials in human existence. Therefore Machine Power on the Farm is of the utmost importance and the Fordson Tractor comes to the farmer as the best, we believe, piece of machinery that has yet been devised for his use.

We want you to read the book "The Fordson at Work." It is free for the asking. Call in and get one. Drop us a card and we will mail you one without charge. This booklet is along the line of the usual Ford way of giving the testimony of the users, those who have tried out and who know the real value of the Fordson Tractor. This book shows the Fordson at work in some ninety different lines of activity and to the farmer it presents the most valuable evidence of an all around serviceable, economical, labor-saving, and money-saving machine that has ever been placed upon the market. We can only get so many each month, so leave your order now.
